## Can You Save The Day?

Before you get out into the field, let's walk through a simulation to help you learn the best ways to execute a rescue.

A bank is being held hostage by some armed robbers! It doesn't look like anyone is hurt... yet. Using the proofing tool, demonstrate what you would do to save the day. Be sure to maintain the Superhero etiquette and try not to cause too much collateral damage while you're kicking these bad-guys to the curb. Insurance won't cover everything!

How will you use your powers to save the day?
