

Super Hero Guide

The New Super Hero Welcome Committee has put together a few tips and tricks to take you from hero to Super Hero status in no time.

Private Lair

Every super hero has a place they can store their extra spandex suits, strategize with their sidekick and recover after a battle with their nemesis.

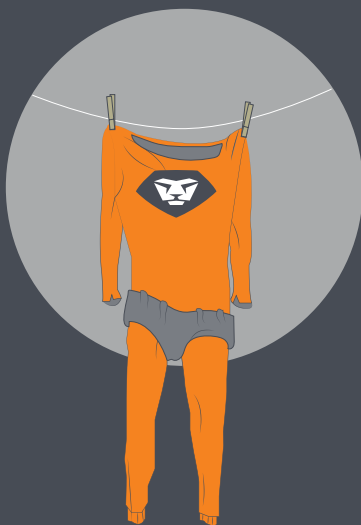

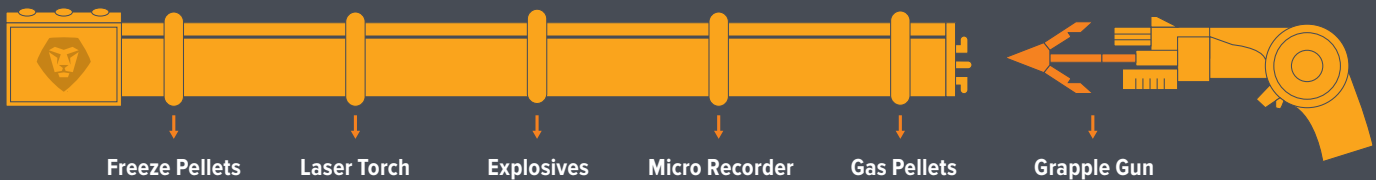

Here are some examples of what has worked in the past to build your lair:

- Take a crystal from your home planet and throw it into the arctic
- Build an art deco masterpiece in the middle of the city
- Use the cave under your mansion
- Find an uninhabited island

Utility Belt

Depending on your superpower, you may want to enhance your crime fighting capabilities with the following:

Costume Care

Unless you want your dry cleaner to know your alter ego, we suggest washing and repairing your spandex suit yourself. Here are a few tips:

- Hand wash with mild hand soap in cold water
- Rinse immediately after any action sequence
- New suit prep – A 30 minute soak in water and vinegar prevent dye from bleeding
- To remove spots, soak overnight in bucket of cold water with one cup of baking soda before washing
- Store in a custom built glass and titanium cabinet
- Rotate your suits
